Hillsborough River State Park

15402 U.S. 301 ▪ North Thonotosassa, FL 33592

Project Description: Opened in 1938 as one of Florida’s first state parks, this park is divided by the swiftly flowing Hillsborough River. Fort Foster, a replica of an 1837 fort from the Second Seminole War, is located on the park grounds, adjacent to the river. The river provides opportunities for fishing, canoeing, and kayaking. The park’s concession stand provides food, beverages, picnic supplies, and souvenirs. Hikers can walk over seven miles along four nature trails. The Wetlands Restoration Trail accommodates bicyclists and hikers. When the weather calls for it, visitors can enjoy a refreshing swim in the park’s ADA accessible swimming pool. The park offers full-facility camping and a youth/group tent campground. A primitive campsite is also available via foot trail.

Project Completion Date: 12/18/2009

Cost of Project: \$1,451,433.57

Responsibility of QGS:

Provided all labor, materials, equipment and supervision to demolish approximately 4.5 acres of existing asphalt parking and vehicle use areas and construct approximately 2 acres of new asphalt, 1 acre of Turf Block, and 2 acres of reinforced grass parking and vehicle use areas with associated sidewalks, storm water drainage infrastructure and storm water detention facilities including demolition, earthwork, drainage, roads, signage, striping, grassing, landscape.
